

# Thesis Proposal

01

# Aeternum

A pharmaceutical brand that sells a pill altering your afterlife.

02

# Fidelis

A holding company whose actual product is belief, selling impossible goods.

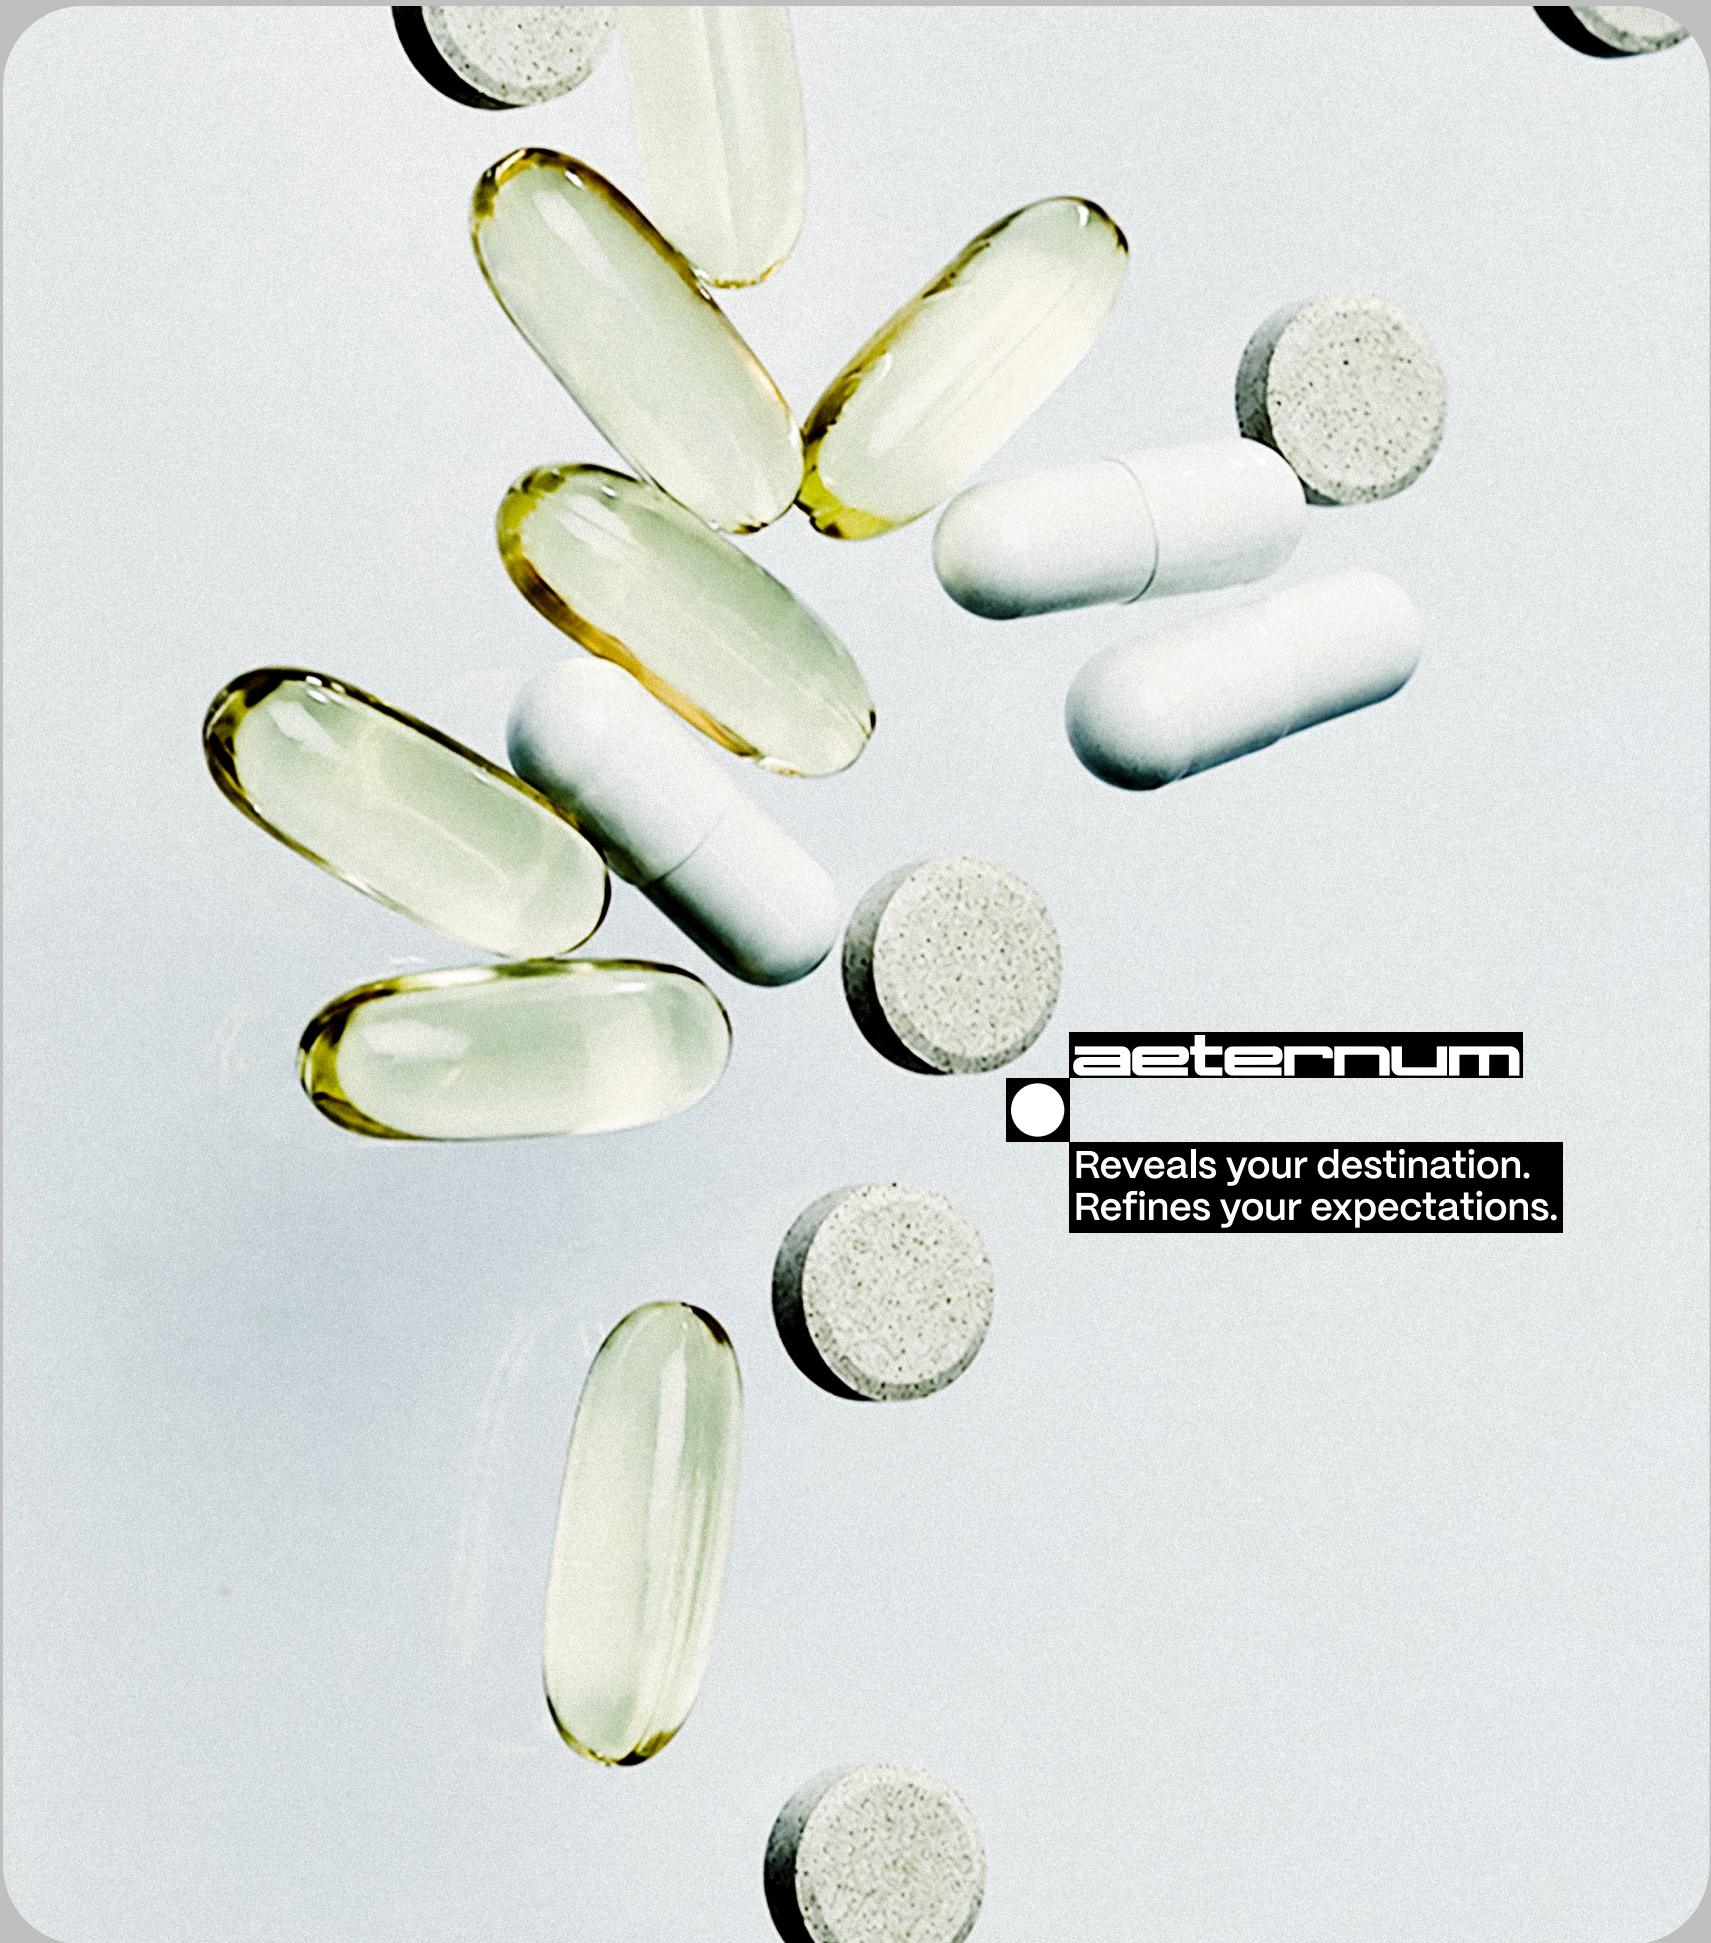

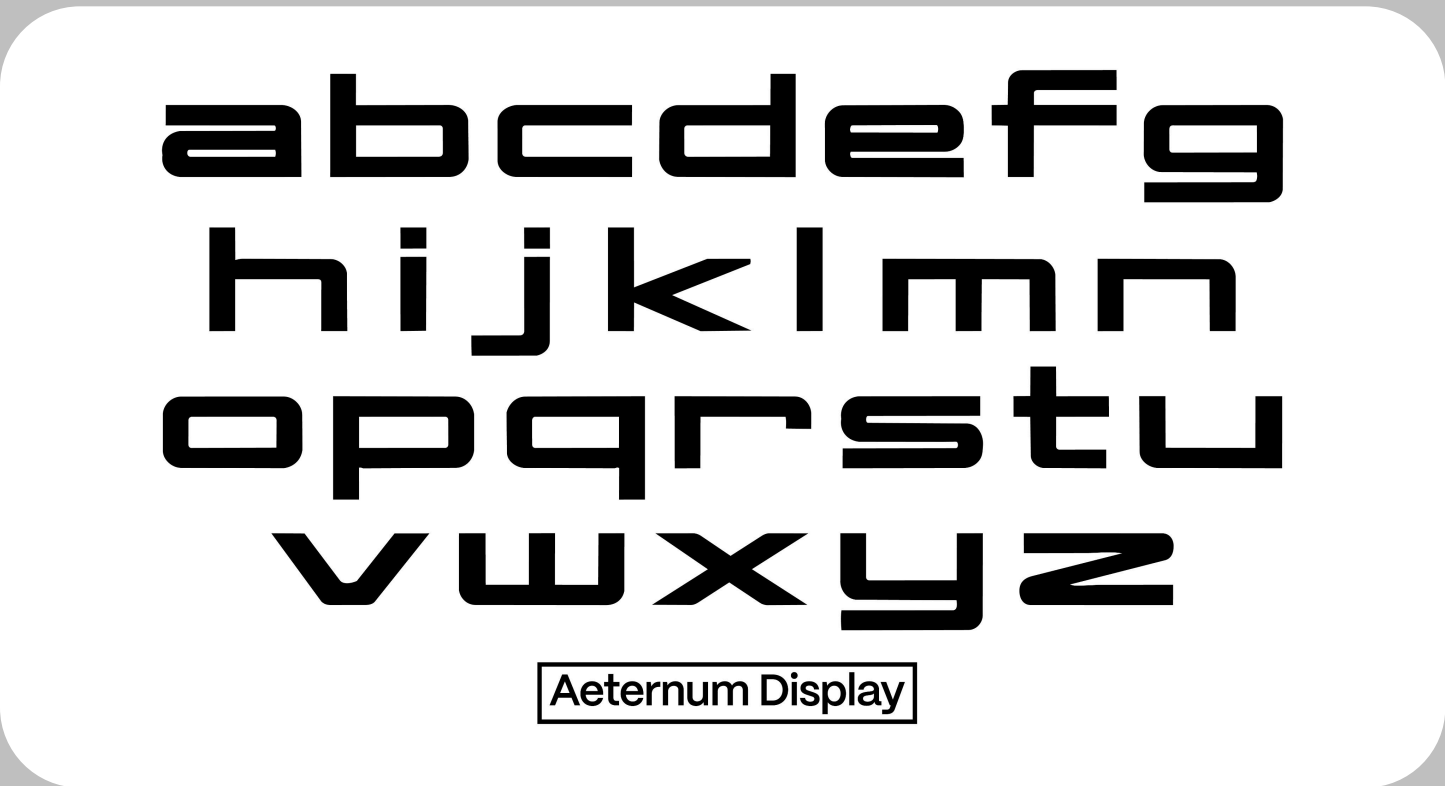

03

# Lathe

A suite of self-authored design tools and the manual for making them.

01

Aeternum

Subject

A pharmaceutical brand that sells a pill altering your afterlife.

Question

How does design manufacture credibility without evidence?

Medium

Brand system, e-commerce site, typeface, retail pharmacy.

Audience

Consumers who encounter it as a real product in the market.

02

Fidelis  
Trust Manual 2026

Subject

A holding company whose actual product is belief.

Question

Which design decisions carry the weight of trust?

Medium

Product line, trust manual, storefront, shelf installation.

Audience

Shoppers who believe it, designers who get the manual.

03

Lathe

Every default  
was someone  
else's decision.

Subject

Design practice when the software is self-authored.

Question

What ideology does a tool carry from its maker?

Medium

Working tool suite, manual, typeface, workshop.

Audience

Designers and students who use the tools, then fork them.

Thank you!
